L-com VGA Video Splitters

■ Product Overview

The LCVS series VGA video splitters are designed to split a single video source to multiple video outputs (monitors). These easy to use VGA splitters are plug-and-play so no software is required for use. Use of a high bandwidth circuit allows high-resolution signals of 350 MHz to be displayed on multiple monitors.

■ Features

- Effective transmission distance: 210 feet (65 meters)
- Automatic power save when VGA input is lost
- Cascade option for increased VGA ports

■ Part Numbers

ITEM #	DESCRIPTION
LCVS-12	1 X 2 Port VGA Video Splitter
LCVS-14	1 X 4 Port VGA Video Splitter

■ Specifications

	LCVS-12	LCVS-14
SVGA Outputs	2	4
Signal Bandwidth	350 Mhz	
Signal Type	VGA, SVGA, Multi-Sync	
Max Distance	210 Feet (65 meters)	
Connector Type - Input	HD15 Male	
Connector Type - Output	HD15 Female	
Power Consumption (Max.)	DC 5V, 200mA- Normal 10mA power-save mode	
Enclosure	Metal	
Weight	400g	428g
Dimensions	20 x 85 x 180 (mm)	

■ Warranty

We warrant our manufactured products for a period of one year from time of purchase. These products are warranted against defects in workmanship or materials under normal use. We cannot warranty our products in case of misuse, acts of God, or consequential damage. Alteration of product cancels all warranties. Under no circumstances will we be responsible for any damage beyond the replacement cost of the defective merchandise. We reserve the right to repair or replace any products that are returned under warranty.
